

**PRACTICAL  
SESSION**  
for  
selection of  
topics  
& setting  
objectives

Research aptitude is one of the essential qualities that should be imparted through higher education. It not only meant to developing future scientists, but also to inculcate scientific and investigatory temperament among talented youth. Incorporating this noble vision of education research training is now an integral part of present day curriculum, which starts from lower primary classes, especially through projects.

However, scientific research training is not seriously undertaken by most of the institutions in India. The lapses in research in our country may be attributed to the lack of this basic training.

This workshop is aimed at training UG/PG students to do their final year/semester projects through proper research methodology. It also aims at generating future social scientists by imparting scientific skills.

### OBJECTIVES

- Developing Scientific and Critical Thinking
- Enhancing Multi- and Interdisciplinary Cognitive Skills
- Improving Academic Writing Techniques .
- Elevating the Quality of Dissertations

### SYLLABUS

#### Basics

- Introduction to Research
- Framing problem and questions
- Referencing Systems
- Visual and Textual Analysis Techniques
- Commercial and Cultural Narratives
- Critical Thinking and Research Methodologies
- Practical Application and Case Studies
- Ethical and Scholarly Standards

#### Designing Research

- Qualitative and Quantitative Approaches
- Advanced Interview Techniques
- Fieldwork Innovations in the 21st Century

#### Data Analysis

- Textual and Visual Analytical Methods
- Interview Analysis Techniques
- Narrative Construction

### Communicating research reports

- Drafting Research Reports and Academic Papers for Publication
- Advanced Presentation Techniques - Visual and Oral

### FORMAT

The workshop is fundamentally participatory and encompasses:

- Expert Lectures
- Collaborative Discussions
- Analytical Thinking/Reflection Sessions
- Visual Appreciation Modules

### WHO CAN APPLY

History, Sociology, Political Science, Economics, Commerce, Anthropology, Theatre and Film Studies, English and Malayalam

Registration Form for Workshop on Student Projects  
<https://forms.gle/uZ4bsBbn8Xu572mq6>  
Last date for submitting the registration is **8 October, 2024**
